

QUALITY MANAGEMENT POLICY STATEMENT 2024/2025

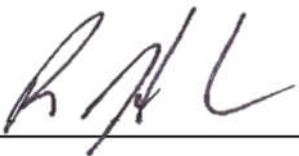

|  | Document # | Effective Date | Next Rev Date | Department | Location | Rev # |
|---|-------------|----------------|---------------|------------|----------------|-------|
| | HSE-POL-003 | June 2024 | June 2025 | QHSE | Echo))) Drive | 002 |
| This Policy covers all of the corporation's work activities | | | | | | |

All employees and contractors of Echo Seismic Ltd. and its affiliates (the "Corporation") work to continually improve products and services by exceeding customer expectations and meeting or exceeding turnaround commitments while delivering exceptional operational and financial results. Echo Seismic Ltd. and its affiliates deliver quality products and services by listening to customer needs and concerns, meeting contract commitments and continually assessing and improving corporation personnel, technology and the processes required for exceptional product /service delivery.

To achieve these results, the Corporation commits to the following:

- Developing visible leadership at all levels of line management that provides the required resources and creates an environment in which employees can operate effectively and deliver improvements to Corporation products, services, and processes.
- Establishing clear "Targets and Objectives" that are established and monitored by management to deliver Corporation strategy and achieve desired results for stakeholders.
- Providing exceptional "Talent and Technology" leveraged to continually improve products and services, thereby, enhancing customer satisfaction and generating value for the Corporation.
- Motivating and Involving staff who are trained to anticipate customer needs and respond swiftly and effectively in a rapidly changing industry and are rewarded for their initiative and efforts to improve operational performance, technology, and customer service.
- Establishing mutually beneficial contractor relationships that create long-term sustainable value for both the Corporation and its contracted companies.
- Developing robust "Quality Management Practices" to deliver continuous improvement in our services and practices through compliance with international standards and industry regulations; use of customer feedback, audits, and management reviews to ensure the quality system remains effective and capable of meeting management and customer expectations.
- Enhancing employee awareness, motivation and involvement through communication and promotion of this policy and associated objectives.
- Ensuring the quality of management performance by:
 - Implementation of effective processes that satisfy client requirements and meet business objectives.
 - Continually improving the effectiveness of the management system by setting measurable objectives, analyzing, and reviewing feedback and acting on the outcomes achieved through periodic reviews of the Echo Quality Management Policy and system.

All personnel working for or on behalf of Echo Seismic Ltd. and its affiliates have the responsibility for achieving specific objectives that work to support this Policy.

Richard Habiak, President, and CEO
ECHO Seismic Ltd
